

IICT Library System - Use Case Tables

Process 4: Outside Book Entry

Field	Description
Use Case ID	UC-04
Use Case Name	Outside Book Entry
Actor	Student, IICT Library Staff
Trigger	Student brings a personal (non-library) book into the IICT Library
Description	Covers entry and exit process for students carrying personal books to avoid confusion with library books.
Frequency of Use	Occasionally or as needed
Preconditions	Student must be enrolled in an IICT department; Book is personal
Non-Functional Requirements	Logbook must be accessible at the entrance; Process must be quick; Entries should be readable and standardized
Post Conditions	Entry is logged and struck through upon exit
Assumption	Students honestly declare personal books
Goal	Prevent mix-up of personal and library books
Normal Flow	1. Student enters with personal book 2. Records details in logbook 3. Reads in library 4. Strikes through entry before leaving
Alternative Flow	Student may be prompted to complete entry if forgotten
Exception	Entry denied if log not filled; Exit alert if not struck through
Cross Reference	Student Borrowing (UC-05)
Notes	Could benefit from digital logbook system

Process 5: Student Borrowing Book

Field	Description
Use Case ID	UC-05
Use Case Name	Student Borrowing Book
Actor	Student, IICT Library Staff
Trigger	Student presents ID to borrow a book
Description	Verifies ID and logs book borrowing info in Book Borrower List

IICT Library System - Use Case Tables

Frequency of Use	Multiple times daily
Preconditions	Student must be from IICT; ID must be valid; Book available
Non-Functional Requirements	Data must be secured; Entry should be quick and accurate; Book availability must be checked
Post Conditions	Book is issued; Borrow list updated
Assumption	Students follow borrowing rules
Goal	Secure, traceable book lending to students
Normal Flow	1. Student shows ID 2. Staff verifies info 3. Logs book(s) in borrower list 4. Hands over book(s)
Alternative Flow	Deny if ID is invalid or book unavailable
Exception	Fake or expired ID; Borrow limit exceeded; System error during entry
Cross Reference	Faculty Borrowing (UC-06)
Notes	Could integrate automated reminders

Process 6: Faculty Borrowing Book

Field	Description
Use Case ID	UC-06
Use Case Name	Faculty Borrowing Book
Actor	Faculty, IICT Library Staff
Trigger	Faculty requests to borrow a book
Description	Verifies ID and records transaction in Faculty Borrower Log
Frequency of Use	As needed by faculty
Preconditions	Faculty must be registered; Book available
Non-Functional Requirements	Fast and secure logging system; Data should be preserved for audits
Post Conditions	Book is issued; Entry logged with signature
Assumption	Faculty records are maintained and accurate
Goal	Maintain traceable borrowing for faculty
Normal Flow	1. Faculty presents request 2. Staff verifies ID and book

IICT Library System - Use Case Tables

	3. Logs details with signature 4. Issues book
Alternative Flow	Deny if book not available or ID mismatch
Exception	Signature missing or incorrect; Faculty not listed in system
Cross Reference	Student Borrowing (UC-05)
Notes	Should support digital signature in future
